Statement by CEO of Gateway Airports Authority Limited (GAAL)

I am delighted to announce that Polokwane International Airport will be hosting an exhilarating airshow on 28th and 29th June 2024. This event promises to showcase the very best in aviation excellence, featuring thrilling aerobatic displays,

vintage aircraft exhibitions, career exhibitions and opportunities for the community to engage with the world of aviation.

Polokwane International Airport has long served as a pivotal hub for travel and connectivity in our region. Beyond our role in facilitating seamless journeys, we are dedicated to fostering a deeper appreciation for aviation and its transformative impact. The airshow represents a pinnacle of our commitment to celebrating our aviation heritage and inspiring future generations of aviators and enthusiasts alike.

This event will feature awe-inspiring performances by renowned aerobatic pilots who will demonstrate their skill and precision through daring maneuvers in the skies above Polokwane. From gravity-defying stunts to synchronized formations, each display will showcase the artistry and exhilaration of flight.

In addition to the aerial displays, visitors can explore ground exhibitions featuring a diverse array of aircraft, ranging from classic models to cutting-edge innovations. Aviation enthusiasts will have the opportunity to engage with pilots, learn about aircraft technology, and gain insights into the dynamics of aviation operations.

We look forward to welcoming you to Polokwane International Airport for what promises to be an unforgettable day of aerial spectacle and community celebration.
