Following the roadblock, MEC Mathye engaged scholar transport operators, small taxi operators, and public transport stakeholder organisations at Namakgale Town Hall in the Ba-Phalaborwa Local Municipality. The information-sharing session focused on the implementation of the *National Land Transport Amendment Act, Act 23 of 2023*, with emphasis on licensing requirements and the correct vehicle categories prescribed by the Act.

The engagement reflected the Department's commitment to strengthening public transport through stakeholder collaboration, regulatory compliance, and improved road safety.

With these activities already underway, Service Delivery Week continues across Mopani District and will run until the end of the week, with MEC Mathye forming part of the government monitoring team at various ongoing projects in the district.

"Through visible enforcement, education and direct dialogue, the Department remains dedicated to building a safer, more reliable and compliant public transport system for the people of Limpopo," emphasised MEC Mathye during the engagement session.

"THE BEST OF MEN"

HOW TWO YOUNG WALKERS REMINDED US WHAT COURAGE LOOKS LIKE

Mpoye Moses Mahloana - Principal Provincial Inspector of Zebediela Traffic Control Centre

Mokopane - I was on visible patrol. Sun up, traffic moving, another day of keeping our roads safe. Then I saw two young men, walking south. Placards tied around their necks. No megaphones. No crowd. Just a message walking.

WALK AGAINST GBV

I pulled over. Not because the law told me to, but because my heart did.

"Young men, where are you going?"

They were clear. Tired, but clear. They hate **Gender-Based Violence**.

They are walking to the Department of Social Development Headquarters in Pretoria. Not for fame. To raise funds. To build a sanctuary. A safe place for victims and survivors of GBV to heal.

In that moment I was reminded why I wear this uniform.

I serve in the Department of Transport and Community Safety. We guard our roads. But we also guard our communities. And on that tar road, I met our mission walking toward me.

I assisted them in whatever little way I could. Water. A few words. My number. We stayed in touch.

Days later, my phone rang.

It was them. From Pretoria.

"Inspector, we have arrived. We have submitted our memorandum. Thank you for the love and help you showed us on the road."

I sat in my vehicle and just thanked God.

I'm sharing this story because I'm proud. I'm sharing it because these young men represented you and me. They showed us what men can be when we choose to stand up. I'm sharing it because when the news is full of pain about GBV, these two chose action. They chose selflessness. They chose purpose. They chose to walk.

To me, they are our ambassadors. Ambassadors of discipline. Ambassadors of courage. Ambassadors of the best of men.

Thank you, my brothers. May your walk open doors. May the sanctuary you dream of become real.

Limpopo, let us support them. And to every man reading this: this is the standard.

"Let us protect. Let us build. Let us walk"
